

# Youth Construct

Building the next generation of construction professionals

## Apply by Jan 12th

### BENEFITS

- Want to know how new buildings are built?
  - Get paid up to \$1000 for an after school training in construction management
  - Learn about how to bid for projects and manage projects using industry software
  - Visit construction sites and obtain OSHA 10 & 30 certificates
- Get placed into a paid summer internship with well-established real estate firms
- This will further your career goals regardless of whether you pursue a college degree

### OUR PROGRAM

#### Training

6 months of classroom and field training for 2-3 hours twice a week

#### Internships

A 3 month paid internship with a real estate firm in NYC

### WHO SHOULD APPLY

- Must be in 11th or 12th grade on Jan 2022 and have the rights to work in the US
- Must be able to travel to Manhattan for afterschool classes. Must have access to zoom
- Preference will be given to motivated students from underserved communities
- Proficient writing and math skills are needed to successfully complete the program
